AVI-SPL to Exhibit at ICE 2010

SMART Technologies Products demonstrated in Booth 505

TAMPA, Fla. Feb. 23, 2010 – AVI-SPL, the largest global integrator of audiovisual systems and services, today announced it will exhibit at the ICE Conference 2010 sponsored by the Illinois Computing Educators. The conference will be held Feb. 23-26 at the Pheasant Run Resort and Conference Center, St. Charles, Ill.

Exhibiting at Booth 505, AVI-SPL will spotlight SMART Technologies products including the SMART Table, SMART Board, SMART Document Camera, SMART Slate and SMART Response. Booth visitors can enter a drawing to win a SMART Slate WS-100. A SMART Certified trainer will also be on-site each day to answer questions about the products.

“The ICE conference allows us to meet with our customers and the end-users of the technology so that we can demonstrate both new products and also show them how it can be integrated with their existing classroom technology,” said Dineen O’Keeffe, education market manager at AVI-SPL.
